

Cashier Shift Reconciliation & Discrepancy SOP

Document ID: SOP-POS-001	Effective Date: August 2026
Target Audience: Store Owners & Managers	Version: JENGA POS v2.3.0

1. Purpose & Objectives

This Standard Operating Procedure (SOP) provides store owners and branch managers with a step-by-step methodology to investigate, audit, and resolve cashier shift cash discrepancies (overages or shortages) recorded during shift closure in JENGA POS.

2. Core Cash Reconciliation Formula

Expected Cash = Opening Cash + Cash Sales + Customer Debt Cash Payments - Cash Refunds + Total PAY_IN - Total PAY_OUT - Total CASH_DROP

3. Operational Discrepancy Causes

Operational Event	Drawer Cash	Result	Action
Customer paid M-Pesa, Cashier selected CASH	Unchanged	Shortage	Check M-Pesa SMS statements
Customer paid CASH, Cashier selected M-Pesa/Card	Increased	Overage	Audit digital sales log
Unrecorded Petty Cash Payout (Expense)	Decreased	Shortage	Search drawer for signed vouchers
Unrecorded Safe Cash Drop to Manager Safe	Decreased	Shortage	Cross-check safe deposit log
Unrecorded Float Top-Up (PAY_IN)	Increased	Overage	Verify manager float topup
