

Cashier & Store Manager Quick Start Manual

1. Welcome to Jenga POS

Jenga POS is a modern point-of-sale system designed for fast cashier checkouts, real-time stock tracking, and automated financial accounting.

2. Quick Start Guide for Cashiers

- **Starting Shift:** Log in with your phone number & password. Open shift by declaring starting cash float.
- **Processing Sales:** Scan item barcodes or click catalog tiles. Select payment method (Cash, M-Pesa, Card, Credit).
- **Printing Receipts:** Receipts auto-print upon checkout completion. You can also reprint from *Receipt Preview*.
- **Ending Shift:** Click *End Register Shift*, physically count cash drawer, and input counted total.
